LOOK OUT!

WHEELS AND FEET ARE ON THE STREET

THINK BEFORE YOU DRINK AND DRIVE!
THINK BEFORE YOU TEXT AND DRIVE!

In Clarkston there have been 8 serious injuries and 2 deaths within the last 8 years. Alcohol was a factor in all but one of these instances.

A livable community provides safe and convenient transportation choices to everyone whether it's walking or rolling (bikes, scooters, wheelchairs), transit or driving.

of Crashes Resulting in a Pedestrian Death Involved Alcohol

MOST FREQUENT CAUSES OF PEDESTRIAN ACCIDENTS ALCOHOL/DRUGS
DISTRACTED DRIVING
SPEEDING
FAILING TO YIELD
AT A CROSSWALK

Can Seriously Injure a Pedestrian If you hit a pedestrian or cyclist you can face fines, lose your license, incur a lawsuit, or even go to jail. A near miss is still too close and a life lost is someone's friend and family.
